Northern Twin Colleges Means..

Dear State People:

It bothers me more than a little when somebody says to me: "You go to Clarkson, don't you?" and then they say: "Well, I figured you do because you work at WNTC, the Clarkson radio station."

I can't understand why so many people persist in believing that WNTC is run by Clarkson, given the evidence that the station is funded by both schools, serves both schools, and serves them equally. I can't understand it, especially knowing that our Stateion Manager, Herb Springer, is from State; our Program Director, Bill Thornton, is from State; our Music Director, Bruce Winarchik, is from State, and our Operations Director, myself, is from State. The Executive Board of ICRN is composed of three State people and two Techers.

HOW IN HELL CAN YOU SAY IT IS A CLARKSON ORGANIZATION?!

I apologize to those who may be offended by our location downtown. I wouldn't mind having studios closer to the campus, but right now we are midway between the State and the Clarkson dorms, and that's in keeping with the spirit of equality, isn't it?

So if anybody still wants to call us a Clarkson organization, I'd really like to know why. If anybody feels we're giving State a lesser share than Clarkson, or vice versa for that matter, let us know about it. I guarantee we'll try to correct it.

Betty A. Dooley

Operations Director, WNTC
